Accept preferred alternative with slight modification.

Require ALL person using the WMAs to purchase a state lands rec use permit. Consider permit for antler collecting.

I'd like to see WMAs open to bird hunting as long as the season is open for grouse etc. At least Mt. Haggin areas open to snowmobiling makes sense.

Please comment on the WMA Public Use Rules

This comment is intended to cover the entire agency. You have too many rules. You can shoot a bull here but not there. A cow here but not there. Bear proof here but no t there. The list goes on for ever and is impossible for anyone to keep up with. Sounds like a bunch of Socialist are in charge? How about developing a little common sense and greatly simplify the rule books. You know reduce it by at least on third and realize rules rarely fix everything and only add confusion.

WMA areas that are managed as winter grounds should close after the heritage muzzleloader hunt around Dec.20th and should open on April 15th to accommodate spring bear and turkey seasons.

Rule 25: Prohibiting use of drones is an overreach of FWP. You don't own the airspace over WMA's. If drones are being used to harass or used for hunting wildlife then that should be added a violation of hunting ethics.

Please comment on the WMA Public Use Rules

All closing and opening dates should be the same for all WMA's throughout the state. Several reasons:

1. Convenience
2. Clarity
3. Congruency
4. Consistency

These dates need to be kept the same through out all WMA'S. Regardless of location.

Thank you-

Please comment on the WMA Public Use Rules

On behalf of the Montana Citizen's Management Elk Coalition, we wish to write in support of the WMA use rules as proposed. We appreciate the department's continued management of these as wildlife areas above and beyond all other uses.
